MBA In Healthcare Management

Program Overview

Master's in Healthcare Management is a strategic choice for healthcare professionals in Saudi Arabia, as it equips them with advanced leadership tools aligned directly with the goals of the Saudi Vision 2030 Health Sector Transformation Program. The program focuses on developing skills in Managing Quality and Service Delivery to elevate operational efficiency standards and patient safety within local healthcare facilities, alongside understanding International Healthcare Policy to leverage global best practices and craft flexible regulatory frameworks. This comprehensive knowledge enables national leaders to drive digital transformation and privatization initiatives, enhancing the quality of preventive and curative services for citizens and residents. Consequently, this qualification opens broad career prospects for holding executive and leadership roles that actively contribute to building a sustainable, efficient, and world-class healthcare system.
